PREPARED BY: SALINA AREA CHAMBER OF COMMERCE

As the leading business organization in Salina, the Chamber takes a vital interest in local elections, most importantly, the candidates running for office and the issues facing our community.

The Chamber feels it is extremely important to inform you of the candidates, their background, experience, their reason(s) for seeking public office, and their priorities if elected.

We want to encourage you to vote on November 7th. Included in this booklet is an Official Candidate List from the Saline County Elections Office. The information on each Candidate was reproduced by the Chamber exactly as it was received from the candidates. No corrections were made for spelling and/or grammar. The original questionnaires are on file at the Chamber office, 120 W. Ash.

Work History:

Insurance Agent - 2016 to current Executive Assistant at steel manufacturing facility - 2011 to 2016 Office Manager for 4 clinics in northern KS and Salina - 2007 to 2011

Various second and third jobs including retail, housekeeping, CNA, & CMA

Most recent political and/or community experience/elected office(s) held: Currently on a council at USD 305.
Salina Business Improvement District, Design Review Board.
Various Committees at Boy Scouts of America, Coronado Area Council.
10 years as a Boy Scout Leader in Salina.

20+ years of clean-up/spruce-up efforts for North Salina, Smoky Hill River, and Downtown Salina.

I am seeking public office because:

I'm a proud Salinan and am invested in its future for our children and generations to come.

I see the Salina City Commission as an extension of the comprehensive community service that I've dedicated my entire adult life to for the City of Salina.

I've been a single mother, working up to 3 jobs at once to make ends meet for nearly 20 years. I know the struggles of working Salinans. I'd like to make Salina a better place for everyone!

If elected, the top three issues/positions I will advocate are:

- Develop a city-wide plan for childcare initiatives and include families, schools, and our city's industries in the process. I'd like to see this include evening and overnight childcare for those who work 2nd and 3rd shifts.
- Work to establish more affordable housing in our community for working 2. families.
- 3. Create jobs that pay good wages to the hard-working people of our community, and attract new people to Salina for years to come.

Most recent political and/or community experience/elected office(s) held:

Salina City Commission SculptureTour Salina Chairman Salina Area Chamber of Commerce Board of Directors Salina Airport Authority Board of Directors Salina Education Foundation Board of Directors Salina Regional Health Center Foundation Board of Directors

I am seeking public office because:

When I ran for City Commission six years ago, I used the tag line "It's about our Future". I still believe that to be true. Over the last six years we have made tremendous strides in several areas. First, we have been able to increase our general reserve fund balance significantly. Increasing our reserves fund has and will allow us to address many of the city's needs while also protecting our bond rating. Second, Salina has seen significat economic growth over the last couple of years. with growth come challenges. I look forward to the chance of working with our partners to help bring a qualified work force to Salina. In order to bring workers to the community we must address our housing shortage. Salina has secured \$25,000,000.00 from the State of Kansas to help build workforce housing. I believe my background and experience will help in structuring a development agreement with the developer chosen for this project.

If elected, the top three issues/positions I will advocate are:

- 1. Work with the private sector to analyze and address our community's child care needs.
- Build on Salina's momentum. The Lieutentant Governor has been in Salina seven times this year for announcements and tours. Continue to make Salina a destination location. Brining individuals from out of town into our community increasing sales tax and transient guest tax renenue, allowing us to put less pressure on property taxes.
- 3. The community has recently started to discuss the homeless population in Salina. I am not sure what the answer is, in fact this has become a national problem. We need to access the situation, then work within the laws allowed to address the issue.
