May is always a busy month for your Chamber, especially the Visit Salina division. The month kicks off with National Travel and Tourism Week and that is an annual industry tradition celebrating the value travel holds for our economy, businesses, personal well-being and more. This sector of our economy is very valuable from both revenue/economic impact but also from the workforce and jobs the industry creates.

The Visit Salina division, much like the hospitality industry worked hard with local hoteliers, convention and meeting planners, Salina Airport Authority, and sports rights holders to make sure events and tournaments happened and were serviced properly. Sports events were the first to rebound and the hotel recovery numbers, by year end, were nearly back to 2019 levels. 2021 was also the first full opportunity Visit Salina had to promote in force the revitalized downtown that is a key piece of the larger effort to get visitors to the area. A big part of Salina as a destination is the Arts community; the Salina Kanvas Project completed the Mural at the Mill, which is quickly becoming an iconic image for Salina, and will continue to be a strong attraction.

National Travel and Tourism Week culminates with National Tourism Day on Saturday, May 7, 2022. We are celebrating by hosting the SculptureTour Salina UNwrap party in Downtown.! Sculpture Tour overall and this event is a partnership between the Salina Area Chamber of Commerce, Salina Downtown, Inc., and the Friends of SculptureTour; the Visit Salina division and our internal staff spend hours upon hours coordinating this program and related events all in the name of supporting commerce in Saline County and Salina.

Mark your calendars for May 7th to see all of the new sculptures and invite your friends and family to experience Salina!

Best,

12th Annual SculptureTour Salina exhibit features 22 NEW sculptures

SculptureTour Salina will unveil the new 2022 exhibit during the UNwrap Party on Saturday, May 7. The 22 sculptures created by artists from around the country will be simultaneously unwrapped at precisely 11:00am. Everyone is encouraged to come downtown for the BIG reveal and bring the family and friends!

“We are very excited about the 2022 exhibit,” said Sylvia Rice, committee member of SculptureTour Salina. “The SculptureTour Salina 2022 exhibit is quite diverse, consisting of 22 sculptures from 19 different artists traveling in from seven different states. This year we welcome several NEW artists, which is a great success!”

hold on to your ballot and mull it over if you’d rather. Each year, the People’s Choice Award is determined by viewers who complete and submit a ballot through December 31, 2022. Voting is fun for ALL ages, with special promotions and contests for voters throughout the year. The winning sculpture is purchased by the City of Salina for an amount up to \$15,000, and permanently placed where it can be enjoyed by the public.

Be sure to stop at the plaza north of Ad Astra Books and Coffeehouse at 1:00pm where the 2021 Merit Awards, including Best of Show, will be announced – for the first time from the NEW stage!

Visitors are encouraged to pick up a Walking Tour/Ballot from the silver boxes at the mid-block pedestrian crossings, many of the downtown merchants or at the Visit Salina Info trailer located in ‘67401 Plaza’ – the parking lot north of Ad Astra Books and Coffeehouse at 141 N. Santa Fe. Then, walk the SculptureTour and vote for your favorite piece. Or,

“Butterfly Tree” being unwrapped in 2021. It was voted People’s Choice!

If you are a fan and enjoy having these changing exhibits of sculpture on loan from May-April each year, become a Friend of SculptureTour Salina. Donations made by Friends, plus the generous support of our Charter Sponsors, Site Sponsors, and Partners make this project possible. Leadership Salina: BLUE TEAM Project Update

As weather continues to warm up, many are heading out to their gardens to begin this growing season. This year, the Salina Emergency Food Bank’s Community Garden has been equipped with a sustainable source for hydration thanks to Leadership Salina’s Blue Team.

The Blue Team procured rain barrels for the Food Bank and along with the help of Salina Area Technical College construction technology students, were able to get those installed last month to take advantage of spring precipitation. The barrels will be able to collect over 20,000 gallons of water in one season, which will not only nourish the Community Garden, but also conserve water and save the Food Bank money.

Former Director Takes the Lead for Child Care Workforce Development

Leadell Ediger has been hired to lead a local grassroots effort that addresses workforce shortages in Saline County due to limited access to licensed, affordable, quality child care. Ediger is the former executive director of Child Care Aware of Kansas where she spent 30 years advocating for access to quality child care as well as better wages for child care providers.

“Workforce is the critical piece of the economic development and business retention process. One of the most important issues within workforce is the availability of quality childcare within the community that companies are considering expanding in or relocating to.” Mitch Robinson, Executive Director Salina Community Economic Development Organization.

Ediger will be working with community partners to develop and promote a child care model for local businesses to support child care slots for their employees.

“Area employers genuinely understand the importance that quality early childcare plays in workforce and economic development for a community, and they want to invest in it,” Eric Brown, Salina Area Chamber of Commerce CEO & President said, “The missing piece is

creating a model that is not only sustainable long-term and affordable for families, but also addresses their employees’ needs.”

Ediger’s position developed from a local grassroots effort that identified child care workforce development as an issue at a Strategic Doing Session hosted by the Greater Salina Community Foundation and Dane G. Hansen Foundation in 2018. Until now, this work has been coordinated by PIECE (Partners in Early Childhood Education), a group of passionate professionals volunteering their time.

“After four years of volunteer efforts, it was determined that in order to move the needle, a dedicated staff person needed to take the lead, and we couldn’t think of anyone better than Leadell. She has the passion, time and expertise to make this happen,” said Jessica Martin, Executive Director of the Greater Salina Community Foundation.

This position is being funded by a grant from the Earl Bane Foundation and overseen by a collaboration between Child Advocacy and Parenting Services (representing PIECE), Greater Salina Community Foundation, Salina Area Chamber of Commerce, and Saline County Economic Development Organization.

National Travel and Tourism Week 2022: Salina Celebrates the 'Future of Travel'

National Travel and Tourism Week 2022 (May 1-7) spotlights the collective strength of the U.S. travel industry.

National Travel and Tourism Week (NTTW), the annual celebration of the contributions of the U.S. travel industry, will spotlight the critical role that travel will play in driving economic growth and building the path forward through the theme **Future of Travel**.

This year's theme elevates how the travel industry can restore the workforce, help communities recover, foster sustainability, usher in new innovations and reconnect travelers in the U.S. and around the world.

Celebrated annually the first full week in May, NTTW was created by Congress in 1983 to elevate the economic power of travel in the U.S. The 39th annual NTTW (May 1-7) arrives as the industry looks ahead to future growth and success following the challenges of the past two years.

"NTTW has special significance this year as the travel industry looks ahead to a bright future," said U.S. Travel Association President and CEO Roger Dow. "This NTTW is an opportunity to recognize the collective strength of the U.S. travel industry and how we are rebuilding to be more dynamic, innovative, sustainable and inclusive in the months and years to come.

"Before the pandemic, travel generated \$2.6 trillion in economic output, supported 17 million American jobs and delivered a \$51 billion trade surplus to the U.S.—evidence of the outsized role the industry will play in driving America's recovery and future economic growth," added Dow.

"The past two years have been very difficult, with the travel and tourism industry hit particularly hard," said Sylvia Rice, Visit Salina Director at the Chamber. "Travel virtually ceased for a time. Hotels suffered greatly, venues and attractions were shuttered in some cases, restaurants who survived did so with a new business model. However, business IS rebuilding. In Salina, we are seeing sports, meetings and events returning. People are ready to GO! They come here for concerts, theatre, to visit the zoo and museums, and enjoy our beautiful downtown. The future looks bright!"

Salina will honor NTTW 2022 while celebrating several events that fall during this important week. From May 1-7, a social media campaign will celebrate the 'Future of Travel'. On Monday, a Mayoral Proclamation will designate National Travel and Tourism Week in Salina. The Arts are a BIG component of what does, and will in the future, draw travelers to Salina.

On Friday - First Friday to be exact – downtown will present art and artists, and we will celebrate the opening of the NEW STAGE in 67401 Plaza with a live performance. Air Supply performs at the Stiefel Theatre that evening. Saturday, May 7 is a big day! The UNwrap Party at 11am reveals the 12th annual SculptureTour Salina exhibit with several artists in attendance. The Garage opens their newest exhibit featuring Muscle Cars, and the Salina Liberty play at Tony's Pizza Events Center. On Sunday, Rolling Hills Zoo goes Wild About Moms for Mother's Day.

THANK YOU to the people who make up this wonderful industry – the clerks, housekeepers, chefs, salespeople, docents, tram drivers, wait staff, managers and owners at hotels, restaurants, venues, retail shops and attractions. YOU are the core of this industry. YOU are the people who welcome and care for the visitors who choose Salina for rest, business, family time, training and entertainment. YOU impact their experience, so keep up the great hospitality!
