

TAKE FIVE TO MEET CHAMBER MEMBER

GrowBold

1. Can you please give us a summary of your personal background?

I have equally enjoyed raising four children and building my business career in Salina. The vast majority of my experience was as a partner and COO of Assurance Partners in the insurance and risk management industry. I received exposure to all industry types in the delivery of both risk management techniques and insurance programs to our clients.

2. What is it about your business that is unique or special? What separates you from your competitors?

The Entrepreneurial Operating System, is a complete set of simple concepts and practical tools that has helped thousands of entrepreneurs get what they want from their businesses. I guide them in mastering this simple way of operating so that leadership teams of growth-oriented companies systematically and permanently improve.

3. In general, how is demand for your product or service?

EOS works in any entrepreneurial company-across all industries and business models. If you've got people in your business, EOS can help you clarify, simplify and achieve your vision.

4. How long has your firm been in business and why are you operating in the Salina region?

I started my GrowBold practice in Salina so that our privately held, family owned, small businesses have access to resources that are traditionally only available in metropolitan cities. I want to walk this pathway with business owners who want to gain traction in their business, build healthy, productive teams and crystalize their vision.

5. What are some of the plans you have for the future of your business?

Make a bold move and find out how strong your company is by taking this 20 question questionnaire to find out: <http://zpr.io/th6Vf>
